1) The portion is not completed on time, when the exam approaches, assignments and projects are made to be submitted due to which there is no time to study for the exams. 2) Due to getting the information late about the programs of the college, in which program to participate, due to lack of time, one cannot participate in it. 3) Since more days pass in the programs held in the college, it has an impact on the study and therefore there is no time to study.
